

PRICES VALID FROM **1st JAN 09**

Price List

PRICES DO NOT INCLUDE VAT

This price list is an indication of our current stock but you should not be under the impression that you require every part listed to build your car. Many of the items can be used from the donor car, obtained second-hand, fabricated or sourced from elsewhere - so it is quite possible to build a stunning car economically. On the other hand, for the owner who does not have the time or inclination to search for alternatives we can provide every part needed for the build. Every item we supply is right for the job so you can be sure that the car will go together with the minimum of effort when you use our parts.

Rear springs (To fit special struts)	pair	90.00
Front shocks	pair	317.00
Rear struts - Leda comp. units incl. spring plates, adjustable damping facility	pair	787.00

Wheels

Coffin-Spoke Alloy Wheels

Hawk Cars have arranged for remanufacture of new alloy 'coffin-spoke' style wheels as used on the Lancia Stratos. These new wheels are suitable for use on original cars, as well as on our HF2000 and HF3000 replicas.

Specifications: Two sizes available, 8" or 12" width, both in 15" diameter. Stud pattern for Lancia/Ferrari PCD (108mm, as per original Stratos), or for Alfa Romeo five-stud PCD (98mm, for fitment to HF3000 replicas). Cast and machined by a reputable manufacturer of alloy wheels. Wheel rim design allows for fitment of larger brakes than original wheels. Material is a light and strong aluminium alloy (not magnesium alloy)

Stradale Set (4 wheels, all at 8" x 15" size)	1581.00
Group 4 Set (4 wheels, 2 at 8" x 15", 2 at 12" x 15")	2076.00

Single/additional wheels (8" or 12" width), prices on application according to order size.

NB. You will need to specify the wheel sizes required, and the five-stud PCD dimension of your car (either 108mm Stratos/Ferrari or 98mm Alfa PCD).

These wheels are not available with a four-stud fitting.

Replica steering wheels with hand stitched leather bound rim	336.00
Fuels tanks with reproduction filler caps	each 255.00
Headlamp rising mechanism	pair 223.00
